I further grant right-of-entry into this property to the designated personnel of Greene County for inspecting and monitoring compliance with the aforesaid Ordinance. I further agree to the following items:

1. This project shall conform to the standards and specifications and other criteria adopted by the County of Greene unless a variance has been granted in writing by this locality.
2. The approved permit and plans shall be kept on the work site and shown on request.
3. The locality shall be notified prior to work commencement and when the project is completed.
4. Other work (grading, excavating, and construction) on the project shall not commence until the appropriate soil erosion and sediment controls are in place as a result of work covered by the permit.
5. Applicant agrees to be responsible for any and all damages to and the maintenance of any other conservation measures already in place as a result of work covered by this permit.
